RE: Hot Wire Ignition System Approvals
DATE: 6/1/10

Listed below is the American Gas Association (AGA), Canadian Gas Association (CGA), or Canadian Standards Association (CSA) approval number for gas control components and U.L. listing for electrical components for Hearth Products Controls Company's hot wire ignition control systems. The complete fire pit or assembled systems are not certified as a whole- appliance is currently be tested to the new Outdoor Decorative Gas Appliance Standards (Z21.97-2010) by CSA.

Target certification completion is July, 2010.

Applicable to assembled units listed below:

HPC Complete Firepit Models

13SS90 HWI, 13SS150 HWI, 19SS90 HWI, 19SS150 HWI, 25SS150 HWI, 25SS300 HWI, 31SS150 HWI, 31SS300 HWI, 37SS300 HWI, 43SS400 HWI HC, 18FSS90 HWI, 18FSS150 HWI, 24FSS90 HWI, 24FSS150 HWI, 30FSS150 HWI, 30FSS300 HWI, 36FSS150 HWI, 36FSS300 HWI, 42FSS300 HWI

HPC Hot Wire Ignition Systems- Assembled

MVK- HW90-3, MVK-HW150-3, MVK-HW300-3, MVK-HW400-3
 MVK- HW90-6, MVK-HW150-6, MVK-HW300-6, MVK-HW400-6

Approvals

Gas Valve

Honeywell: Model VR8304
 American Gas Association: L2025006
 Canadian Standards Association: L2025006

Control Module

Channel Products: Model 2021-63
 American Gas Association: ANSI Z21.20

Pilot Assembly

Channel Products: Model 1833-02
 Canadian Standards Association: ANSI Z21.20-2005 1845151 (LR 112381)

Transformer

Packard Equipment Company: Model PF42440-50354-40VA
 U.L.: E175771
