RE: Hot Wire Ignition System Approvals

Listed below is the American Gas Association (AGA), Canadian Gas Association (CGA), or Canadian Standards Association (CSA) approval number for gas control components and U.L. listing for electrical components for Hearth Products Controls' hot surface ignition control systems. The complete fire pit nor assembled systems are not certified as a whole due to current development / approval of the Decorative Outdoor Fire Standards due out in late 2009.

Applicable to assembled units listed below:

HPC Complete Firepit Models

13SS90 HWI, 13SS150 HWI, 19SS90 HWI, 19SS150 HWI, 25SS150 HWI, 25SS300 HWI, 31SS150 HWI, 31SS300 HWI, 37SS300 HWI, 43SS300 HWI HC, 18FSS90 HWI, 18FSS150 HWI, 24FSS90 HWI, 24FSS150 HWI, 30FSS150 HWI, 30FSS300 HWI, 36FSS150 HWI, 36FSS300 HWI, 42FSS300 HWI

HPC Hot Surface Ignition Systems- Assembled

MVK- HW90-2, MVK-HW150-2, MVK-HW300-2

Approvals

Gas Valve

Honeywell: Model VR8304
 American Gas Association: L2025006
 Canadian Standards Association: L2025006

Control Module

Channel Products: Model 2021-63
 American Gas Association: ANSI Z21.20

Igniter

Channel Products: Model HEAR090612C
 ANSI Z21.20

Pilot / Thermocouple

Robertshaw: Model 5 CHL-9
 ANSI Z21.20 / CSA 22.2 No. 199 / UL 372

Transformer

Packard Equipment Company : Model PF42440-50354-40VA
 U.L.: E175771
